Embroidered Towel Paper

Embroidered Toilet Paper makes an easy and fun hostess gift. Wrap it up in cellophane and tie it with a pretty ribbon to finish it off!

Supply List:

1 roll of Toilet Tissue
Heavy Cutaway Stabilizer
Spray Adhesive
Embroidery Machine with 4" hoop
Assorted Rayon Threads
Bobbin Thread

Directions:

1. Hoop a piece of heavy cutaway stabilizer. Spray the stabilizer lightly with spray adhesive.
2. Unroll the first few squares of toilet paper - do not tear off the roll! Centre the end or second from end square of toilet paper over the stabilizer and pat it in place on top of the stabilizer to secure it to the stabilizer.
3. Attach the hoop to your machine and select the desired design. If your machine has a "baste in the hoop" function, you may wish to use this first to hold the toilet paper in place more securely. Stitch the design out.
4. Remove the hoop from the machine and trim any jump stitches. If you basted in the hoop, carefully remove the basting stitches.
5. Trim the cutaway stabilizer behind the design to a square the same size as a square of the toilet tissue. You will be leaving approximately a 4" square of stabilizer in place behind the embroidery.
6. Wrap in cellophane, tie with a ribbon and watch to see the surprised looks when you give it away!
